

ECHOES is a community driven bottom-up action to connect all conservation science activities and stakeholders in Europe

## Conservation and valorisation of Cultural Heritage in all its forms and materials

## Why Echoes

Gather, share and exploit the results achieved within EU-funded projects on conservation of Cultural Heritage

New "ad hoc" materials for the needs of contemporary artists

Creating a network between conservation scientists, Cultural Heritage operators and even common citizens.

Helping the EU in planning strategies for the preservation and valorisation of our Cultural Heritage.

Spot and define the main issues related to art conservation

Development of tools for citizens to actively monitor the degradation of Cultural Heritage
